Administrative Services

Communications / Fleet & Procurement

The Communications Section is the “life line” for citizens and officers when assistance is needed. This area is generally the first point of contact for citizens when law enforcement services are requested, whether they are emergency or non-emergency situations. Computer Aided Dispatch (CAD) allows telecommunicators to view the locations of officers via GPS mapping to ensure the closest units are sent to emergency situations.

The Fleet/Procurement section is an integral part of the day-to-day functions for all sections of the Forsyth County Sheriff’s Office. This section purchases and maintains all Forsyth County Sheriff’s Office fleet vehicles as well as being responsible for issuing all equipment and uniforms needed for each staff member. In 2019, the FCSO had 283 fleet vehicles and over 10,000 pieces of uniform equipment valued at over \$8 million.

Forsyth County Sheriff's Office

Index Crime

Index Crime includes the total number of violent crimes (murder, rape, robbery and aggravated assault) and property crimes (burglary, larceny, and motor vehicle theft). The Forsyth County Sheriff's Office reports crime data based on categories and definitions conforming to National Incident-Based Reporting System (NIBRS) standards in which crimes per incidents are reported. The agency converted their reporting systems in July of 2020 to follow this recommended system by the FBI. The following charts and tables report all crime using the NIBRS method. The total number of victims is counted in murder, rape, and aggravated assault. The total number of incident charges is counted in robbery, burglary, and larceny.

Type of Crime	2017	2018	2019	2020
Murder	1	2	7	1
Rape	13	23	18	24
Robbery	42	34	32	20
Aggravated Assault	219	195	180	212
Burglary	468	391	400	388
Larceny	1,544	1,288	1,320	1,104
Motor Vehicle Theft	184	136	138	133
TOTAL:	2,471	2,069	2,095	1,882

Note: The index crime data is provided yearly to the State Bureau of Investigation (SBI). The SBI converts the index crime data back to the Uniform Crime Reporting (UCR) standards in which only the most serious crime is reported according to the UCR hierarchical reporting. Therefore, crime figures listed for Forsyth County Sheriff's Office that are published by the SBI and the Federal Bureau of Investigation (FBI) will vary based on differences in IBR and UCR reporting.

Forsyth County Sheriff's Office

Index Crime Clearances

An offense is considered cleared when at least one offender is arrested for that offense, even though several offenders may be involved. Several offenses may be cleared by the arrest of one person, while the arrest of multiple offenders may only clear one offense. Crimes can also be cleared by exceptional means. Not all crimes are cleared during the calendar year in which the offense occurred. Clearance rates are based on the total crimes cleared during the reporting period, regardless of when the crime occurred.
